

Request prefix form

Please complete this form to register an identifier prefix that can be recognized by the meta-resolvers at identifiers.org (<https://identifiers.org>) and n2t.net (<http://n2t.net>). Completing all fields will enable a swift processing of your request.

Namespace Details

This section collects information related to the new ID space that is being requested, including its requested prefix, e.g. pdb, uniprot or kegg.genes.

Namespace Name

The name of the new ID space. **Example:** Protein Data Bank.

Description

Short description of the ID space in one or multiple sentences. **Example:** The Protein Data Bank is the single worldwide archive of structural data of biological macromolecules.

Requested Prefix

Character string meant to precede the colon in resolved identifiers. No spaces or punctuation, only lowercase alphanumerical characters, underscores and dots. **Example:** pdb.

Sample Id

An example local identifier. **Example:** 2gc4.

Regex pattern

A regular expression definition of the IDs in this namespace. **Example:** `^[0-9][A-Za-z0-9]{3}$`.

Supporting references
(Optional)

Supporting references (URLs, citations), if any, to published work describing the resource. Enter one per line. **Example:**
`https://doi.org/10.1093/nar/28.1.235.`

Additional information
(Optional)

Anything else you wish to tell or ask us.

Institution details

This section of the form collects the information of the institution that runs the first provider being registered in the new namespace being requested. Examples are EMBL-EBI, Kyoto University or NCBI.

Enter a [ROR ID \(https://ror.org/\)](https://ror.org/)

The ROR ID of the organization

Create a new institution

Name

The name of the institution that runs the provider. **Example:** European Bioinformatics Institute, Hinxton, Cambridge, UK.

Description

Short description of the institution in one or multiple sentences. **Example:** The European Bioinformatics Institute (EMBL-EBI) is the part of EMBL dedicated to big data and online services.

Home URL

A valid URL for the homepage of the institution. **Example:** <https://www.ebi.ac.uk/>.

Location

The home country of the institution.

Provider details

This section collects information related to the first provider being registered in this new namespace.

Copy Institution details

Tick this box to copy the details provided for the owning institution of the provider. Please, keep in mind that 'URL Pattern' and 'Provider code' will need to be filled after the autofill.

Name

The name of the provider. **Example:** ChEBI (Chemical Entities of Biological Interest).

Description

Short description of the provider in one or multiple sentences. **Example:** ChEBI (Chemical Entities of Biological Interest) at EMBL-EBI.

Home URL

URL for a home page that describes the role of the provider in the current namespace. **Example:** <http://www.pdbe.org/>.

Provider code

This is a unique identifier for the provider within the namespace, for forced resolution requests. No spaces or punctuation, only lowercase alphanumerical characters, underscores and dots. **Example:** pdb.

site you are agreeing to this as outlined in our [Privacy Notice \(https://www.ebi.ac.uk/data-protection/privacy-notice/embl-ebi-public-website\)](https://www.ebi.ac.uk/data-protection/privacy-notice/embl-ebi-public-website) and [Terms of Use \(https://www.ebi.ac.uk/about/terms-of-use\)](https://www.ebi.ac.uk/about/terms-of-use).

URL Pattern

A URL-like string specifying a rule for resolving this identifier. The rule should contain the key "{\$id}", which acts as a placeholder for the resolution services.

Example: [http://www.ebi.ac.uk/pdbe/entry/pdb/{\\$id}](http://www.ebi.ac.uk/pdbe/entry/pdb/{$id}).

Location

United States

The location from which the provider is offering its services (main location in case of multiple ones).

Requester details

Contact details associated with this prefix registration request for identifiers.org curator team to reach out if needed, for both resolution of this request and future updates to the namespace information and / or the first registered provider.

Full name

Chris Morris

The full name of the person making this request.

Email

chris.morris@biorelate.com

The email address of the person making this request.

Request form status

 Request is complete and ready to send.
